

## [About Us]

La Vie Cosplay began as a competitive cosplaying duo from the Midwestern United States in 2013, but has since branched into other areas of both *costuming* and *playing* both in and out of the convention scene. LK & Persephone each began cosplaying in the late 1990s and combine complementary training and experience in the visual, textile, and performing arts to bring knowledge, quality productions, and entertainment to cosplay fans at their host events and around the world.

## [Cosplay Resource]

La Vie Cosplay has won multiple awards for Craftsmanship and/or Performance, including Best in Show at Colossalcon, Geek.Kon, & Anime Iowa; Best Masters' Craftsmanship at Anime Midwest, & Best Masters' Performance at Colossalcon. In 2015, we began running panel programming and providing feedback as cosplay contest judges to help nurture the communities in which we frequent. Since 2015, we have judged cosplay contests at over 20 conventions & related events across the Midwest. We also have a repertoire of cosplay-related panels we can run upon request, our most popular being "So You Want to be in the Masquerade?!", "Cosplay Tips & Tricks" & "Better Together? The Cosplay Group Survival Guide."

## [Performers]

Our first love will always be the stage, and we take the opportunity to perform any chance we get. When we're not competing, we're available for skits and a bit of song (sorry, no dancing!) and are frequently utilized for Opening Acts for events such as Opening Ceremonies, the Masquerade/Costume Contest and other special events. Unscripted, improvisational opportunities, such as emceeing, have also begun sneaking their way into our normal convention routine. We're happy to bring existing performances to a new geographic area, or develop something entirely new for your attendees. Themes & other suggestions *may* be doable upon request with advance notice.

## [All-Age Entertainers]

We pride ourselves in being flexible entertainers for all ages of fans. In addition to performing, judging, and providing panel programming, we have also provided the following entertainment:

Youth: Character Meet-n-greets

All-Ages: Promotional models, special event hosts & assistants, emcees

18+: Adult-themed comedy sketches

Let us know your convention's needs and we can work together to ensure the best overall convention experience for your attendees.
